

SANITIZATION SERIES

PRODUCT INFO

Product Name:

Pallasite Sanitization Systems

Product Category:

Hygiene & Sanitization Equipment

Application:

Public & Institutional
Environments

Power Supply:

220 V

QUICK GUIDE

Developed in response to hygiene needs during the COVID-19 period, Pallasite Sanitization Systems were designed to provide practical, accessible sanitization solutions for public, educational, and institutional environments.

PRACTICAL SANITIZATION FOR SHARED ENVIRONMENTS

Pallasite developed a family of sanitization systems designed for practical use in public, educational, and institutional environments. The series includes wall-mounted, freestanding, and integrated hand-and-shoe sanitization configurations to address different operational requirements.

KEY FEATURES

APPLICATION-FOCUSED

Different configurations were developed to support varying hygiene requirements and installation

EASY USER ACCESS

The systems were designed for straight forward operation in shared public and institutional spaces.

MULTIPLE SYSTEM

Available as wall-mounted, freestanding, and integrated hand-and-shoe sanitization units.
